UNIQUE WAY OF TEACHING

DIGITALE GELETTERDHEID BIJ OPENBAAR ONDERWIJS GRONINGEN

- Preparing on a new national curriculum
- Lessons, projects
- E-Labs

How do we prepare our students for an active role in an increasingly digitizing society?

What (new) knowledge and skills do they need?

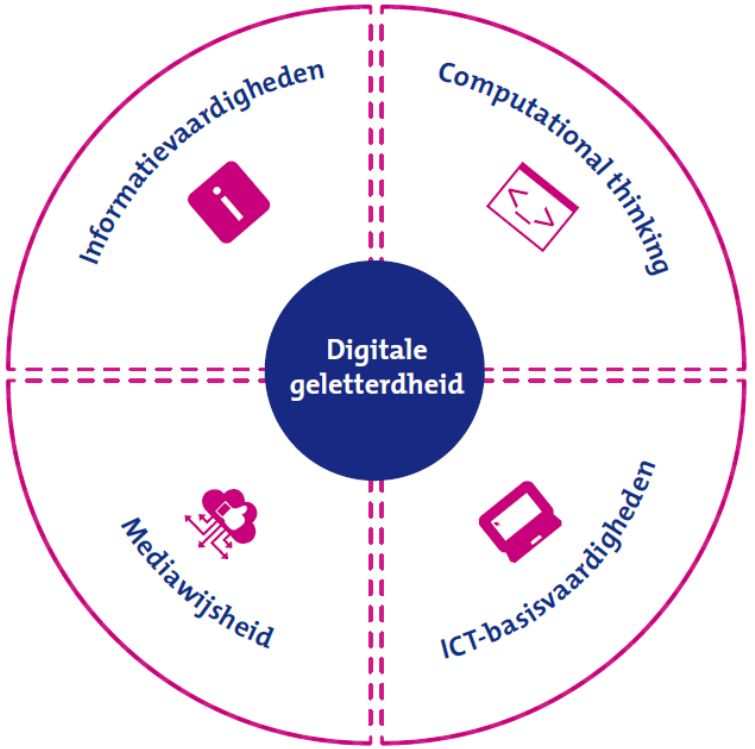
Create with…

Knowledge about…

Think about…

Handle…

Digital technology



By learning about how technology works, we can influence it and the way it works for us.

Door te leren over de werking van technologie, kunnen we er invloed op uitoefenen.
